

Please mark your calendars for **TUESDAY, APRIL 1** for the **2025 Annual Meeting of the Brookhollow Homeowners Association. The meeting will be held in the Parlor of First Presbyterian Church, 1100 Carter Creek Parkway, Bryan.**

Sign-in and social with light refreshments will begin at 6:30 p.m., followed by the annual meeting beginning at 7 p.m. The social will include a meet-and-greet with our city council member for District 3, Mr. Jared Salvato.

At our annual meeting, we will elect new board members and officers, expected to last until 8:15 p.m. There will be a break from 8:15-8:30 p.m. An organizational meeting of the new board will follow, anticipated to conclude by 9:00 p.m. Parking for the meeting will be available in the church lot in front of the entrance indicated by signage. If you need any special assistance in getting into the building, please let me know.

We have had several BHA members express interest in joining the board for new terms coming up. If you have an interest in serving in some capacity, and have not previously been contacted, we welcome your interest and ask that you reply by return email here, and I will share with our nominating committee.

An agenda for the meeting and a slate of new board members up for election that evening will be sent at least two weeks in advance. Additionally, a proxy form will be included for those who cannot make the meeting but want to give their proxy vote to another board member. Board members and their addresses will be included with the proxy form.

Copies of bylaws, financials, and updated member contact list will be available at the meeting.

If you know NOW that you cannot attend the April 1 meeting, please let me know by reply email here, and then plan to return your proxy form when you receive it. We would like to know the status of all BHA members concerning their attendance for this important meeting.

To our homeowners with lessees: Your lessee may attend the meeting for informational purposes only and cannot serve as your proxy in a voting capacity.
